## CLEAN UP WEEK

Nothing would be more gratifying to Huntingdon's former citizens and friends, who do not now live here, but hold the old town in great esteem, than to know that our citizens possessed enough civic pride to put on a real clean up week, and thus add to the town's beauty and attractiveness.

It is indeed regrettable that so little interest is manifested along the line of civic improvement. We have been going at such a very rapid rate, indifferent to surroundings and local conditions, until we have almost forgotten that any responsibilities are upon us along the line suggested.

It is the duty of every citizen in Huntingdon to do his part in making the town sanitary, attractive and a pleasant place in which to reside. Let us do all we can and see if we do not feel better for doing our part. What about a clean up week?

## BIG FALLING OFF

Our Washington dispatches announce that income and excess profits taxes collected by the government in December fell off by more than \$246,000,000 as compared with December, 1919, and for the first half of the fiscal year collections of these taxes declined by more than \$410,000,000 as against the corresponding period of the previous year, according to figures made public by the bureau of internal revenue collections for December amounted to \$650,613,510, against \$896,678,929 in December, 1919, while for the six months ended with December the total was \$1,583,389,516, compared with \$1,994,123,836 collected during the same months of 1919. Such a falling off may result in a necessary increase of taxes which is another thing that Mr. Harding can't be looking forward to with any pleasurable feelings. A general reduction of expenses offers the only alternative.

Two years of republican control of the congress of the United States, two years of absolute refusal to listen to President Wilson in his wise recommendations, and two years of doing nothing legislation, but play politics, injured the country in many respects. Many of the troubles of which the country now complain and many of the difficulties which are going to confront Harding and his congress, would have been satisfactorily adjusted and the country in a much more prosperous condition if the wise recommendations of President Wilson had been given proper attention.

Percy H. Johnston, president of the Chemical National Bank of New York, one of the far-seeing executives among the leading financiers of the country, attributes the present derangement of conditions to the fact that business men were swept off their feet by profits during the war, and by the erroneous claims of experts and statisticians that prices would never again reach the prewar level.

At the annual dinner of the National Wholesale Dry Goods association recently held in New York, Mr. Johnston declared that, in his opinion, the industrial future of the country depends upon its ability to revive slowly "and on a much reduced scale." As one of the foremost men of the country, his remarks have a peculiar significance at this time.—Memphis Scimitar.

SMILES COME  
AGAIN TO  
PRETTY FACES

The Charm of Good Health Has Its Source in Rich Red Blood. Nothing on Earth so Necessary for Beauty

## PEPTO-MANGAN BUILDS RED BLOOD

Restores the Quality of Your Blood, Brings Back Your Color and Renews Vitality

Personal charm is like a light. It sheds its rays everywhere. Is the light of your personal charm hidden under the bushel of bad blood? Instead of habitual smiles do you wear a tired look—almost a scowl? Do you tire easily? Are you pale and lacking in vital energy and ambition?

You are not really ill. Your blood has become weak and sluggish. It is half starved. What you need is the bloodmaking qualities of that splendid tonic, Pepto-Mangan. After you have taken Pepto-Mangan a little while you will feel a big improvement. The smiles will come back. People will see a difference in you. You will make friends again. You will have plenty of rich, red blood and feel stronger.

Pepto-Mangan has been building red blood for years. Physicians prescribe it right along. It has the ingredients that starved blood needs. Sold in liquid and tablet form. Both have the same effect. But be sure you get the genuine Pepto-Mangan. Ask for "Gude's" and be sure that the full name, "Gude's" Pepto-Mangan, is on the package.—Advertisement.

## MARKETING PROBLEM

One of the important fundamental problems confronting marketing agencies, according to the bureau markets, United States department of agriculture, is the education of the public to a point where it will generally realize that the present marketing system is a product of evolution; that improvements must be made gradually by changes in method and procedure and by eliminating specific recognized evils; that it is impossible to set up instantly a perfectly efficient and automatically operated new marketing machine; or to cure all economic ills by legislature. The public must appreciate also, say the specialists, that marketing is quite as much a problem for the consumer as for the producer.

Producers as well as consumers can be benefited by information and education along marketing lines. Farmers of this section give less consideration to the marketing of their products than to most anything else connected with their farm duties.

A majority of the farmers in Carroll county give little attention, if any at all, to progressive methods in producing or disposing of their crops. And the worst feature is they do not appreciate information on the subject.

We have known experts in methods pertaining to improved farming methods to speak at the court house to small crowds while the streets and court yard would be lined with farmers absolutely indifferent to the speaking.

It is said that Judge Landis continues to swing his ax on Chicago law-defying saloons, and it is safe to say he finds plenty to do.

The governor of Kentucky has issued a straight-four-the-shoulder notice to booze criminals to vacate. And this from Kentucky, noted in the past, for her beautiful women, fine horses and good liquor. The governor seems to mean business though it should effect the population of the state.

Nix on the  
"Parley-Voo" stuff!

A FRIEND of mine,  
WHO COULDN'T speak,  
A WORD of French,  
WENT TO Paris,  
AND THE first time,  
HE HAD to get,  
A HAIRCUT and shave,  
HE PRACTICED an hour,  
MAKING SIGNS,  
IN THE looking glass,  
SO THE French barber,  
WOULD UNDERSTAND him,  
AND THEN he went in,  
AND WIGGLED his fingers  
THROUGH HIS hair,  
AND STROKED his chin,  
AND THE barber grinned,  
AND FINISHED the job,  
THEN MY friend thought,

HE'D BE polite,  
SO HE gave the barber,  
AN AMERICAN cigarette,  
WHICH THE barber smoked,  
AND MY friend pointed,  
TO HIS mouth,  
AND SAID "Likee voo,"  
AND THE barber roared,  
AND SAID "You BET,  
I USED to smoke 'em,  
WHEN I worked,  
IN INDIANAPOLIS,  
AND BELIEVE me,  
THEY SATISFY!"

HERE'S a smoke that talks in any language and needs no interpreter. Light up a Chesterfield, draw deep—and more plainly than words your smile will tell the world "They Satisfy". It's the blend that does it—and you can't get "Satisfy" anywhere except in Chesterfields, for that blend can't be copied!

## IS YOUR HEALTH

Worth More to You Than  
Your Dollars?

At this time of the year, it is a well-known fact that the blood is often inclined to be in a bad condition, and contains many impurities, excess poisonous acids form in the stomach and are taken into the blood, the whole system becomes run down, the impurities make their presence known by causing the complexion to become muddy, blotches, pimples and other skin irritations make their appearance. These conditions should be remedied at once, before you get sick. Peptona is a great medicine for overcoming such conditions. It drives out impurities, builds up the strength and helps the stomach to function as it should; stimulates the liver and tones up the whole system at the same time. Don't look sallow. Get the rosy glow in your cheeks. Let Peptona help you overcome these impurities and their attending ills. Peptona is sold by

## Non-Resident Notice

Nina Weeks  
vs.  
Vuta Weeks et als.  
In the County Court of Carroll County, Tennessee.

In this cause it appearing from the allegations of the bill which is sworn to that defendants Vuta Weeks and Nora Hindman are non-residents of Tennessee and residents of Florida, and that defendant Beersheba Walker Crowell is a non-resident of Tennessee and a resident of Illinois, so that the ordinary process of law cannot be served upon them, it is therefore ordered that publication be made as required by law for four consecutive weeks in the Carroll County Democrat, a newspaper published in Huntingdon, Tennessee, commanding said non-resident defendants to appear and make defense in this court by or before the fourth Monday in February.
